

MODEL SPECIFICATION FROM CHASSIS NUMBER 1962 ONWARDS

15th August 2007

Pop-Up Products have, throughout 2006/07, been engaged in a process of improvement of the Pop-Up Platform. We have produced this bulletin to highlight these changes.

Retro fit kits can be purchased for the Protective Shrouds and the Control Cable. The Handrail End Frame can also be purchased and will fit directly to existing handrails without modification.

Please contact the Pop-Up Sales Team for more information.

END FRAME

Pendant holder now moved to central position to increase operator safety.
Prt No POPS0097[S]

PROTECTIVE SHROUD

Protective shroud added to prevent damage to cable connector. This item is available to purchase as a retro-fit to existing machines.
