

ALPHADECK

The ALPHADECK is a premium platform step designed for a wide range of sectors and professions. Whether you're working in a warehouse, on a construction site, or in maintenance, ALPHADECK offers a safe and adaptable solution for low-level access tasks.

Equipped with built-in castors, the ALPHADECK is easy to move and adjust to suit your workspace. Safety is at the core of its design — featuring full all-round guardrails, a saloon-style gate for easy access, and an extra-large working platform that allows you to work comfortably with both hands free.

Flexible Height Options

Choose from three starting sizes, each with built-in extension capability:

- 3-rung (extends to 4)
- 4-rung (extends to 6)
- 5-rung (extends to 8)

Adjustable on both sides, the ALPHADECK provides tailored height for various working conditions.

Compact & Portable

When the job's done, simply collapse the ALPHADECK and roll it away on its integrated transport wheels. Designed for convenience, even the largest model fits easily into a standard van.

PLATFORM SIZE

455MM X 600MM

GUARDRAIL HEIGHT

1M
